1. **Resources and Support**

**Prestigious Overseas Travel Scheme (POTS) Round 2, 2016**

What: The purpose of the Prestigious Overseas Travel Scheme (POTS) is to support the presentation of doctoral research at an international level. The focus on the prestigious nature of the presentation is paramount to success in this scheme. Applicants should seek consultation or advice from the Research Office to ensure their planned activities are suitable for this scheme. PhD graduate researchers admitted to Confirmed candidature are eligible to apply for an award of $1,500. Examples of previously successful applications to this scheme include:

- Presentation at prestigious international conference and accompanying program of research visits/field work
- Presentation of work at prestigious international venue and accompanying program of residency

This fund aims to support the travel costs for doctoral researchers to present at international conferences, forums and networks. International travel must be of at least 10 days research-related activity, that entails at least one distinct purpose that is clearly relevant and academically justifiable but not essential to the completion of the thesis. The purpose must include the presentation of doctoral research, and result in a reportable Research Output. POTS can only be awarded once during a PhD candidature. Applications are made online through the FSGS application form, which includes a subsection related to POTS that applicants must complete. The deadlines are the same as for the FSGS. Applications are assessed by the Faculty Research Committee Grants Sub-Committee through a competitive process.

**When:** 2016 FSGS and POTS Round 2 deadlines: 1st May at 5pm.
