1. GUIDELINES FOR AWARD OF GRANTS

1.1 Awards will be granted to:

- promote genuine student interchange and to enable mutual understanding to be established between students at the University of Melbourne and international universities.
- support international meetings of students in which students or student organisations and the University of Melbourne have an interest. Applications from individuals to participate in conferences held overseas will be considered as long as the applicants can show that such participation will benefit this University as well as themselves.

1.2 Grants will not be given to students who wish to travel overseas to carry out private research work or training, that will form part of their degree. Grants will not be awarded to previous winners.

1.3 Where there is strong competition for grants from students wishing to attend international student meetings, preference will be given to official student representatives at this University.

1.4 Since the annual income of the Fund is small, only limited support can be given to student organisations to help defray the costs of running student conferences.
